## Objective

I seek challenging opportunities where I can fully use my skills for the success of the organization.

## Experience

- **Mount management** -  
Spoken English teacher  
I'm currently doing job in classes as a English speaking teacher for improving my communication skills
- **CreArt** 9/6/2022 - 15/7/2022  
Python internship  
I have doing internship on python with djnago from creArt solution

## Education

- **LJIET** 2023 (currently pursuing in 7th sem)  
Bachelor of engineering (I.T)  
CGPA-8.17
- **Panchamrut international public school** 2019  
HSC  
80.33% and 9.12 PR
- **Sheth RT prathmic school** 2017  
SSC  
75% and 93.70 PR

## Skills

- Good at communication
- Able to do team work
- Web development
- Problem solver
- Time management

## Projects

- **E-authentication system with qr code and otp**  
Once the user selects the authentication type as QR Code, then system will generate a QR Code and send it to user's mail id over internet. If user select's OTP, then SMS will be sent on his/her registered mobile number. If the user passes the authentication, then system will redirect to the main page.(html,css, javascript,python)
- **Course blog**  
I made blog website in which there are three courses in which like Student have to choose course and they can see their tutor on it and they can know about their academic environment.(this one's made by html,css, javascript).

## Achievements & Awards

- I'm very good in academic also I got 94% in my English speaking course which is conducted by government also I participate in social activities sometimes.

## Languages

- Hindi
- English
- Gujarati
