## PROFESSIONAL EXPERIENCE

### Ashapura Translink (Ahmedabad)

03/20 - 04/21

#### Transport Co-ordinate

Throughout my experience as an Operation and Transport Co-ordinator, I have consistently focused on optimizing logistics operations, improving customer satisfaction, and driving cost efficiencies in transportation management.

- Manage 70+ vehicle in a daily operation.
- Full fill 5 big customer requirements with our limited resources.
- As per company requirement flexible shift and Sunday working.
- Overseeing end-to-end logistics and transportation operations to ensure timely and efficient delivery of customer orders.
- Provide expertise to the organizations for improving services and increasing operational efficiency.
- Make all the types of payments transactions and handle all documents properly.
- Coordination with all drivers and handle their issues and responsible for making payments to drivers and diesel pumps on decided time.
- Review the route planning the vehicles and providing to all customers as required vehicles as dedicated as well as market vehicles.
- Timely take meeting for driver challenges and try to solve them with given resources.

### Quick Supply chain Pvt Ltd (Bavla & Kheda)

05/21 - present

#### Senior Operation Executive

With over two years of experience as a Senior Executive in Operations at quick supply chain's Apparel & Grocery Division in Ahmedabad Bavla & Kheda, I have successfully managed a wide range of responsibilities and achieved significant results.

- Implemented efficient strategies and managed all outbound activities, ensuring smooth operations throughout the Distribution Centre (DC).
- Consistently dispatched an average of 20,000 boxes per day to 85 Reliance Retail stores across Gujarat, Rajasthan, Maharashtra and all other states.
- Demonstrated exceptional inventory management skills, overseeing a diverse range of 7,000+ stock-keeping units (SKUs) within a vast 130,000 sq. ft. warehouse at Kheda DC.

- Established effective coordination with the Transport team, ensuring timely availability of containers/trucks for efficient vehicle loading and on-time deliveries without any discrepancies or damages.
- Prioritized safety stock management to ensure product availability and mitigate any potential shortages.
- Served as the MHE (Material Handling Equipment) Champion, responsible for the maintenance and problem-solving related to various warehouse machines, including stacker machines and battery-operated pallet trucks.
- Led and managed a team of 150 employees from a third-party logistics (3PL) company, ensuring their productivity, engagement, and adherence to operational standards.
- Throughout my tenure, I have consistently displayed strong leadership, operational excellence, and a commitment to delivering results in a fast-paced and dynamic retail environment.
- Timely audit conduct for Inventory accuracy & closely tracks of stock variation and take necessary action if any require.
- Closely watch all DC parameters who affects DC P&L and plan to maintain as per process to control.
