Objective

Seeking for a challenging position, where I can use my monitoring quality control, testing and overseeing skills in construction and help grow the company to achieve its goal.

Key Skills

- Good Initiator, Good decision-maker, Active listener, Team player.
- Confident, Good Coordinator, Quick learner.

Education Qualifications

Examination/Degree	Duration	Institution	Performance
B. Tech, Civil Engineering	2016-2020	REVA University Bangalore	8.28(CGPA)
PUC (12 TH)	2014-2016	AL-SHARAY P U College of Science Gulbarga	77.33%
10 TH SSLC	2014	Govt. URDU High school Afzalpur Dist. Gulbarga.	80.96%

Technical & Software skills

- MS Office Packages: MS-Word, MS-Excel, MS-Power point

Professional Experience

QA/QC Engineer -February 2022 to till date

➤ **CONSULTING ENGINEERS GROUP (CEG):**

A. Location: - AHMADABAD GUJARAT

B. Project Description: Design and Construction including Maintenance of Civil and Building Works for Sabarmati Depot on Design Build Lump Sum Price Basis for High Speed Railway involving works for Ground Preparation, relating Roads, Piping, Wiring, Landscaping, General Inspection Train Shed, Maintenance Car Shed, Safety Confirmation Car Shed, Staff Room and other Associated works between MAHSR Km. 507.599 and MAHSR Km. 509.726 in the State of Gujarat for the Project for Construction of Mumbai-Ahmedabad High Speed Rail.

C. Designation: - QA/QC Engineer

D. Duration : - February 2022 to till date

E. Client: - National High Speed Rail Project.

Responsibilities: -

- Accountable for finalizing construction methodology, monitor testing as per ITP.
- Perform all daily, weekly, and monthly test of the scope to achieve the quality of construction required in the drawing and specification of all works.
- Witnessed the calibration of Concrete batching plants, CTM's, Cube moulds, etc.
- Preparation and approval of concrete mix design of all grades as required and conducting the trial mix for all grades as mentioned in drawing or above with client.
- The testing conducted in my guideline- sieve analysis, slump test, compressive strength test of concrete cubes, silt content, specific gravity and water absorption test of aggregates, polymer slurry test, Pile integrity test and cross hole sonic logging test.
- Preparation Monthly Quality report (MQR), Standard Deviation with graphs.
- Conducted TBTs to site staff in Quality Control.
- Preparation of letters for third party testing of all inward materials.
- Responsible for concrete repair/strengthening work (if any required).
- Timely closure/ compliance of NCR and observation.
- Preparation of Monthly concrete reconciliation statement and rolling margin of Reinforcement steel as per IS Code.
- Conducting Pile Load test such as Static Load test by Crown Method and High Strain Dynamic Load test on piles.
- Conducting Pile Load test such as Static Load test by Crown Method and High Strain Dynamic Load test on piles.
- Conducting Pile integrity Test (PIT) and Cross hole sonic Logging (CHSL) tests on cut off level of piles.
- Monitoring Repair work for honeycombs, type of cracks and surface defects by conducting Non-Destructive testing such as UPV test, Rebound Hammer & Core tests for compliance of structural defects.
- Conducting plate load test (PLT) at the site for safe bearing capacity of soil or thenet settlement as per IS Code
- Perform and control the Earth wok progress and overall quality control of earth work.
- Production and quality assurance and quality control of all Precast elements used in this project.

QA/QC ENGINEER (December 2020 to December 2021)

➤ **J. KUMAR INFRAPROJECTS LTD as QC Engineer**

A. Location: - Pune, Maharashtra.

B. Project Description: - Design and Construction of Elevated Viaduct length 7.578 KM, from CH: 6688.652 to CH: 6817.00 and CH: 6896.00 to CH: 14346.00 Between Civil court and Ramwadi.

C. Designation: - QC Engineer

D. Duration: - December 2020 to December 2021

E. Client: - Maharashtra metro rail corporation.

Responsibilities: -

- I look over quality of concrete and conduct lab tests such as sieve analysis, Permeability tests, cube tests & slump tests and other several material tests on based frequency as per the Inspection Test Plan (ITP) mentioned in the Approved Quality Assurance Plan (QAP).
 - Maintaining the quality documents as like third party reports, moisture correction & gradation report, hardened concrete compressive strength test report, concrete batch sheets, inward material register, all test registers etc.
 - Maintaining of QA/QC documents of the entire project including Master calibration records, Test results, NCN/ NCR's and site observations and instructions.
 - Preparing Monthly quality report (MQR), Key performance index (KPI), Quality presentation and other computer application related works.
 - Preparing Mix Designs and conducting the trial mix for all grades of concrete to be used for Pile, Pile Cap, Pier, Pier pedestals and Precast segments and other parts of structure with client.
 - Conducting Polymer Slurry Test for soil stabilization of Pile Bore hole.
 - Checking the reinforcement work of the structural elements of stations and getting it approved from client.
 - Taking care of use of Anti corrosive treatment on the steel reinforcement or use of Bipolar in concrete.
 - Taking care of closing of RFI with post concrete checklist.
 - Monitoring the grout works and ensuring sampling of cubes for its respective compressive strength tests.
 - Taking care of proper application of shuttering oil before casting of any structural elements.
 - Taking care of proper curing to be done to all concrete surfaces as per the date of casting.
 - Providing quality training to the labors, masons, and supervisors.
 - Monitoring and carry out all quality related procedures in the site and ensure activity at the site are as per approved Method statement and Inspection Plan.
-

Personal Information

DOB	: 04/01/1998
Father's Name	: ABDUL RAHEEM SHAIKH
Languages known	: English, Hindi, Urdu, Kannada.
Gender	: Male
Nationality	: Indian
Marital Status	: Unmarried
Permanent Address	: 24/25-2, Behind Jamia Masjid Khaji Galli Afzalpur Dist. Gulbarga Karnataka. 585301

Declaration: - I hereby declare that the above all statements made are true and complete to best of my knowledge.

Date: -
