ABOUT ME

I am a creative and passionate first-year student pursuing product design. My passion for design has led me to develop my skills and knowledge in this field. I am constantly seeking new challenges to push my limits, and I am determined to utilize my creativity in this world of design and innovation.

Communication Skills

EXPERIENCE

Project Leadership

High School

Worked to ensure successful project execution according to established objectives, timelines, and costs. Brought forth effective leadership skills and offered powerful motivation.

Volunteering in NGOs

Pratham Education Foundation

Planned and executed fundraising events, organize donation drives, and develop outreach programs to connect with local communities. Gained valuable experience in working with diverse groups of people and navigating complex social issues.

Graphic Designing and Content Ideation

Arihant Syntex & Aqua Plus India

Had the privilege of working on a variety of projects for this fabric company. My work involved creating eye-catching designs for a range of textile products and garments while other assets like brochures, visiting cards and lookbooks.
