## Work History

### Feb 2021 - **Project Manger / Team Leader / Sr. Web Developer**

Current *Konze India pvt Ltd, Ahmedabad*

- As a Technical Lead My primary responsibility is to oversee the planning, execution, and delivery of technical projects within an organization.
- Focuses on the user-facing features of a website or application and is in charge of developing the interactive and visual components using front-end frameworks.
- Proficient in both front-end and back-end development, capable of working on all aspects of web development and integrating them seamlessly.
- Combines creative and technical skills to design and visually enhance websites, including layout, color schemes, typography, and graphics.
- Knowledge of techniques to optimize website performance, such as minimizing file sizes, caching, and browser rendering optimization.
- Ability to perform testing, debugging, and troubleshooting to ensure high-quality, error-free code.
- Strong problem-solving skills and the ability to work collaboratively in a team environment, communicating effectively, and adapting to changing requirements.

### Jul 2018 - Feb **Sr. UI Developer**

2021 *Scanpoint Geomatics Ltd*

- Improved and expanded project platforms using JavaScript to develop rich user interfaces.
- Communicated with product managers and UX designers to translate project requirements and business objectives into polished user interfaces.
- Used wireframes, mock-ups, and prototypes to establish user interface design and architecture.
- Drove UI requirements through to implementation, complete with accurate sizing estimates and task breakdowns.
- Developed application UIs via emerging front-end technologies.
- Integrated UI features complying with prescribed code standards and technical design guidelines.
- Designed UIs within frontend web frameworks, exploiting associated templates and tools to shorten development times.
- Used agile planning principles to deliver tailored solutions that met customer requirements.
- Worked with design teams, project managers, and business analysts to create intuitive and easy-to-use software.

### Jul 2015 - Jul **Sr. UI Developer**

2018 *Teamtech 24 Pvt Ltd, Ahmedabad*

- Used wireframes, mock-ups, and prototypes to establish user interface design

and architecture.

- Worked closely with UX and product teams to define visual and functional requirements.
- Employed SDLC methodologies during multiple projects, streamlining cross-discipline development.
- Recommended design changes and iterative updates to the IT manager.
- Built highly functional web applications using JavaScript, HTML, and CSS.
- developed site maps and mockups for designs based on proven methodologies and end-user feedback.
- Verified program logic using testing and debugging best practices.
- used the Agile Scrum model to deliver solutions with a high level of flexibility and adaptability.
