Current Organization:

Advance Hair Studio (AHS) is world’s largest hair replacement & hair regrowth company, I am working as Sr. Manager – Inventory in Supply Chain Management at HO and reporting to CFO at Ahmedabad Gujarat. AHS having 10 studios across India. My responsibility to co-ordinate with all studios for their inventory requirements, local procurements, vendor co-ordination, Order placements, cost control. Few products are coming from Australia & Hong Kong. Responsible for co-ordinate with both countries for timely delivery. Inventory projection and report send to both the countries on monthly basis. Coordinate with CHA for import documentation and port clearance.

Previous Organizations:

I started my professional career with **Reliance Industries Limited, RIL** world’s largest refinery and biggest corporate sector in India. I worked as a Material Coordinator in material department. My responsibilities were to coordinate between store and site contractors for required construction goods at site and follow all the procedure to create MIN (Material Issue Note), MRN (Material Return Note), and BTN (Book Transfer Note) etc in SAP. Apart from these regular activities, I get a great opportunity to work in world’s largest refinery shutdown in year 2004 with planning department; during shutdown I singly handled GAS & Electrode supply projection at site with cost of approx 26.3 cr.

I get a life changing opportunity to work in “**UNIMISS**” “UN Mission in Sudan” with **ES- KO International Inc.** at Uganda – East Africa. ES-KO is the only organization who is handling supply chain activities for United Nation for all over the world. Sudan was partitioned in 2006 and simultaneously Congo had election, at that time; about 40,000 soldiers were deployed in Sudan. I was Ration Admin, and my responsibilities were to receiving stock of food products, timely delivery schedule, maintaining stock in warehouse at different locations, preparing & maintaining documentations, coordinate with team leaders for delivery schedule. I worked in 5 countries and 12 warehouses.

I joined back to Reliance Group again in **Reliance Retail Limited** as an Assistant Manager in Replenishment department. RRL was the largest retail supply chain group in 2008 in INDIA. I was responsible for daily sales monitoring for around 120 retail stores across the Gujarat for fast moving, slow moving and nonmoving article. Complete coordinate with DC and supplier vendors for timely deliveries, generating PO, GRN, STN, STO, PL, MRN etc in SAP. Full activity of inbound and out bound. I had managed single handedly furniture delivery project at Reliance township with the project cost of 5.5 cr. in around 1500 houses. I was part of 7 labor colony project with 99% delivery accuracy.

I get an opportunity to work with different culture, environment, system and different people in **Diverse Distribution & Marketing Service Cc.** at Namibia, and Botswana as a Distribution & Logistics Manager. I was handled 5 warehouses, 100 trucks around 220 local floor employees and more than 600 clients with my excellent team. Complete inbound and outbound activities, documentation, client's claims, monthly stock take and fleet management system. Reporting and coordination with sales team about new promos. Sales analyses for high value products, stock controlling etc all the activities conduct by me and my team.

I worked with **Jagrup Tanzania Co. Limited** as a Manager Distribution & Logistics. JTCL engaged in food product distribution business across country. I was handled complete distribution activities, Logistic, import - export documentation, finance activities with TRA and handled around 170 outlets, their requirements.

“**Zomato**” largest O2O sector in India as Zomato Food Delivery Brand, now Zomato involve in F&V, Grocery, Dairy, Frozen and Perishable product in B2 Business as **Zomato Hyperpure Limited**, I appointed as SCM – Manager at Ahmedabad warehouse, I was responsible for overall WMS activities, Inward, Outward, manpower management, consumable consumption, cost and stock control activities. Coordinate with category and sales team for smooth operation. Physical Inventory & stock adjustments on daily bases. Now Zomato takeover Blinkit food and we have more than 500 customers in zomato and 9 Blinkit dark store cover from Ahmedabad warehouse.

With the experience I have has in the management position over the last few years, I have the management skills and that entire if would require to help steer the organization to the best heights that would increase the organizational productivity. I am a hard worker with the value of time management, problem solving and decision making skills.
