

Vidhi PANDYA

25, Anar Bungalows,
Nr.K.K.Nagar, Opp. HDFC
Bank, Ghatlodiya.
Ahmedabad, INDIA
(+91) 9712341808
vyasvidhi18@gmail.com

SUMMARY

A position where I can use skills and abilities to gain knowledge and experience in new and challenging within the science industry.

PERSONAL INFORMATION

Date of Birth	18 th August, 1995
Gender	Female
Nationality	Indian
Marital status	Married

EDUCATION

2014 – 2015	Bachelor of Science in Chemistry (B.Sc) Bhavan's Sheth R. A. College of Science, Gujarat University
-------------	---------------------------------------------------------------------------------------------------------------

2016 – 2017	Masters of Science in Biomedical Technology (M.Sc) School of Science, Gujarat University
-------------	----------------------------------------------------------------------------------------------------

WORK EXPERIENCE

Jul 2017 - Jul 2018	West Coast Pharma as QC Chemist (Oral Dosage forms) 1 year experience working in handling and testing of raw materials and finished products..
---------------------	------------------------------------------------------------------------------------------------------------------------------------------------

Aug 2018 – Oct 2018	QC Chemist at Shree Additives Food Pharma Of Finish Sample
---------------------	------------------------------------------------------------

Oct 2018 – till date	QC Chemist at ZYDUS
----------------------	---------------------

ACADEMIC PROJECTS

Dissertation / Training work at Civil Hospital (Tuberculosis department) – 06 months

Seminar of DNA Fingerprint.

CGMP training.

SKILLS

Sampling, Testing and Release of Raw materials using sophisticated analytical instruments such as UV spectroscopy, Polarimeter, Disintegration apparatus and pH meter, Moisture balance.

Sampling, Testing and Release of Finished goods materials using sophisticated analytical instruments such as UV spectroscopy, IR spectroscopy, Friability apparatus, Hardness tester, Vernier Calliper, Disintegration apparatus, pH meter and Dissolution assembly.

Sampling and Stability Testing of finished product samples in accordance with ICH Q1 and cGMP Regulations.

Calibration of weighing balance, pH meter and hot plate oven.

CURRENT PROFILE / JOBS DETAIL

QC CHEMIST Finish Product	<p>Testing all current finished products using assigned techniques, methods and procedures to agreed timescales</p> <p>Complete testing data in accordance with Company Policy and legislative compliance to agreed time scales</p> <p>Perform other duties as assigned or deemed necessary to assist the QC Lab Manager in achieving key objectives</p> <p>Manage daily tasks with in the lab to ensure work queue is managed.</p> <p>Analysis of FINISH PRODUCT(OSD), Injectable product, NASAL SPRAY ANALYSIS and AEROSOL samples on high performance liquid chromatography (HPLC) including ASSAY, METERDOSE ,total can assay and other aerosol testing.</p> <p>Work in accordance with approved methods, SOPs, and cGMPs/GLPs, while performing tests</p> <p>Wet lab analysis includes LOD, ROI, Moisture content on KFR titration, COULOMETRIC titration ,UV, FTIR, TLC, and MALVERN MORPHOLOGY particle size analysis.</p> <p>Preparation of volumetric solutions, test solutions and standardization of volumetric solutions. Handling of Disintegration apparatus, Friability tester, Hardness tester, Tap density tester, Sieve shaker.</p>
----------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

COMPUTER & SOFTWARE KNOWLEDGE

Microsoft Office

Mail Outlook

Graphics and writing skills

ANALYTICAL SOFTWARE:
Chromeleon, Lab solution, UV prob, NSPVA , Morphology G3s , Tiamo software

LAB SUPPORT SOFTWARE
Caliber lims , MS Office , Open Office

AREA OF INTEREST

Analytical chemistry.

Instrumental chemistry.

LANGUAGES

English

Hindi

Guiarati

DECLARATION

I consider myself well-acquainted with the Medicinal Science concepts. I am sincere in all my endeavors and would try to be an asset to the organization.

I hereby declare that the information furnished above is true to the best of my knowledge.

Place : Ahmedabad
