Experience

Confederation of Indian Industry (CII)

Executive – Intellectual Property Facilitation Centre (IPFC)

June 2018 – Till Date

- As an executive at the Intellectual Property Facilitation Centre (IPFC), I am responsible for managing client communication and discussions, and handling the complete IP portfolio of IPFC clientele comprising of industries, innovators, and other stakeholders. In this role, I worked closely with various IP stakeholders and handled all forms of Intellectual Property Rights.
- One of my key responsibilities is to facilitate inventors/institutes/organizations on the patentability aspects of their inventions through a comprehensive analysis and review of the Invention Disclosure Form, patent & non-patent literature. I provided IP opinions and supported on product selection by creating and executing search strategies and preparing Patentability, FTO, and invalidity search reports.

- On regular basis, I conducted inventor meetings to explain the process and requirements for filing Provisional & Complete Specification, PCT/National Phase patent applications, drafting & filing of Provisional and Complete Specification, and complete prosecution of patent applications to the Indian patent office. I also prepared responses to office actions and hearing submissions and got the Patent applications granted.
- In addition, I worked closely with national & international IP attorneys and IP service providers for drafting & filing of applications, examinations, response to the examinations, and maintaining the deadlines, and preparing hearing strategies and complete maintenance of IPs. I also handled Trademark, Copyright, and Industrial Design filings and complete prosecution, including response to the examination report, hearing, and all necessary actions till grant.
- One of my other responsibilities is to sensitize academia/industries for IPR protection & management by arranging and organizing various initiatives such as Corporate & Academia Conferences on IP Management, Capacity Building Workshops, Interactive Sessions & Webinars, and Seminars on emerging IPR & IPR related topics at various places across the nation.
- I am responsible for handling IP portfolios of industries from various sectors such as Pharmaceuticals, Healthcare, Automobile, Metallurgy, Equipment manufacturing, and many more.
- Additionally, I handled the state panel on forming a conducive policy frame through policy advocacy and addressing concerns & issues of industry members with relevant departments of state government & ministries. As part of my role, I worked for Policy Advocacy to establish contact with industry stakeholders and explore opportunities for establishing connections between industry and the government. I also coordinated and went for an international delegation to Germany, Netherlands, France, the United Kingdom, led by a Senior Government secretary & industry delegation.
