## PROJECTS

### Scrap reduction, 334 Days

project has been given by my grand boss me with my team three team member to reduce the scrap on machine 3% to 1% on pouch filling machine. where the scrap level of laminate is very high. so me and my team works on it and complete the target with in six months. by doing many kaizen on machine. and finally we have achieved the target. now scrap level of machine is 0.85. it is our outstanding performance.
