

# Curriculum Vitae

***Marisha MontiMorris Christian***

## **Career Objective:**

Accomplished, Results-Oriented Professional interested in working in Bio Analytical Research Field. Strong analytical problem solving and communication skills with a passion for quality and attention to details. Motivated Bioanalytical professional seeking to join a dynamic team where I can utilize my skills and knowledge & contribute to research projects and advance my career.

## **Personal Details:**

Date of Birth	19 <sup>th</sup> March
Mobile Number	+91-9726944480
Nationality	Indian
Marital Status	Unmarried
Languages Known	English, Hindi, Gujarati
Email ID	chr_mar19@yahoo.com

## **Educational Qualification:**

- M.Sc from St. Xaviers College Ahmedabad(Department Of Biotechnology) in 2020 with First class.
- B.Sc from St. Xaviers College Ahmedabad (Department of Biochemistry) in 2018 with First class.

## **Work Experience:**

- Currently working as Jr.Officer at Clantha Research, Ahmedabad since 05<sup>th</sup> April 2021
- Done my graduation internship at Reliance Formulation Pvt Ltd.
- Worked for one year in a Plant Tissue Culture Lab named “IN-XITU” located inside of Xavier’s College Campus

## **Skills and Strengths:**

- Have 2 years of professional experience in Bio-analytical Department.
- Have expertise and experience in all latest tools and techniques of analytical laboratory.
- Capable to work under high pressure environment with efficiency and accuracy.
- Always eager to learn new instrument or any development techniques.
- Through knowledge of LC-MS/MS & HPLC

## **Job Profile:**

- Expert Knowledge of Applicable Lab Techniques and Quantitative Bio Analysis such as Sample Extraction Techniques using Protein Precipitation, Liquid-Liquid and Solid Phase Extraction.
- Preparation of samples out of different biological matrices for analysis as per applicable analytical methods and SOP's.
- Demonstrated Proficiency with validation, experimental design and method development for bio equivalent and bio availability studies.
- Thorough understanding of laboratory requirements, SOP's, ICH Guidelines, USP requirements and FDA guidance.
- Skilled Method Development and Validation.
- Effective Implementation of GLP (Good Laboratory Practice).
- Time Management and Project Management Skills.
- Willingness and ability to provide procedural training.

## **External Training Attended:**

- Has actively participated and completed training session of Annual GLP-2022 presentation conducted by Clianza Research.

## **IT Skills:**

- Able to use any version of Microsoft Office. (Word, Excel & PowerPoint).
